### Expert Session Report

1. **Name of Activity:** "Entrepreneurship Opportunities in Electrical Engineering"
2. **Type of Activity:** Expert talk
3. **Resource Person:** Mr.Pravin D. Joshi
4. **Organized by:** Department of Electrical Engineering, BVCOE&RI, Nashik.
5. **Date:** 03/07/2018
6. **Timing:** 11.00 AM
7. **Venue:** BE Classroom
8. **Activity Description:** The department of Electrical Engineering organized an expert talk on startup in Electrical engineering field on 10th October 2021. Mr.Pravin D. Joshi was invited as expert and he is our Alumni for this session. He motivated the students to develop startup in Electrical engineering.
9. **Objective:** I ) To Explore available opportunities in startup of Electrical engineering field.  
ii) Encourage students to do startups in Electrical engineering

Respected sir,

We would like to invite you to conduct expert session on “**Nitro Shock Absorber**” for students of Mechanical Engineering. The student of our department will be happy, if you could share your views and ideas on “**Nitro Shock Absorber**” On behalf of Brahma Valley College of Engineering & Research Institute, Nashik, we are very pleased to have the honor of inviting you to conduct Expert session at our institute.

We would be pleased if you convey your availability to attend as our resource person on 06/09/2019 at 11:00 am

On behalf of Mechanical Engineering department, we look forward to the prospect of you conducting the session.

We request you to kindly accept the invitation.

Thanking You.

## ACTIVITY REPORT

<b>Title</b>	Seminar on Nitro Shock Absorber
<b>Date</b>	06/09/2019
<b>Name of Expert</b>	Mr. Mustafa Mehamud Patel
<b>Designation</b>	Patel NDT & Technical Services
<b>Objectives</b>	<ul style="list-style-type: none"><li>-Improve ride quality by reducing body roll and increasing vehicle stability.</li><li>-Combining an expanded body for extra oil capacity and nitrogen gas for additional cooling purposes.</li></ul>
<b>Beneficiary</b>	Mechanical Engineering Students
<b>Number of Participants</b>	72
<b>Outcomes of Activity</b>	<ul style="list-style-type: none"><li>-To help hold the vehicle's wheels against the driving surface for increased traction and control. --As the vehicle encounters uneven road (or off-road) surfaces, the suspension moves vertically to help maintain stability, control and passenger comfort.</li></ul>

Respected Sir,

We the Department of Mechanical Engineering would like to thank you for accepting the invitation and conducting Expert Session titled "**Pedal Operated Cloth washing Machine**" on 05/03/2021. Your guidance really enlightened our students and will be helpful for them to further explore and develop project in future. We look forward to your support in future also.

Thanking You.

<b>Title</b>	Seminar on Pedal Operated Cloth Washing Machine
<b>Date</b>	05/03/2021
<b>Name of Expert</b>	Mr. V.B.Deo
<b>Designation</b>	Director at Shree Equipments & Control Mobile:- 8600008821
<b>Objectives</b>	- To reduce the human effort for machining various materials such as wooden blocks, steel, PVC. -The power hacksaw machine, which runs on human power, works on the principle of the conversion of rotational motion to oscillatory motion.
<b>Beneficiary</b>	Mechanical Engineering Students
<b>Number of Participants</b>	100
<b>Outcomes of Activity</b>	-It satisfies the need of rural people by giving them an alternative way of washing clothes which is quick, cost-effective and eco-friendly. -The product designed has zero operating cost, cost-effective, and it can be used with minimal effort.
