<b>Name of the Principal</b>	:	<b>Dr. H.N.Kudal</b>
<b>Date of Visit BVCOE&amp;RI Nasik Peer Team</b>	:	<b>05<sup>th</sup> May, 2022</b>

<b>Section</b>	<b>Information</b>
1) Institutional Strength	<ol style="list-style-type: none"><li>1. Visionary and proactive management</li><li>2. Lush green campus spread over 10 acres, away from city with calm and pleasant environment and non-polluting ambience</li><li>3. State of art infrastructure</li><li>4. Committed, retained faculty and staff</li><li>5. Well established laboratories</li><li>6. All classrooms are ergonomically designed supporting Student centric environment</li><li>7. 360 mbps internet bandwidth Wi-Fi enabled campus</li><li>8. Effective training and placement cell with more than 90% of the eligible students placed</li><li>9. Fully equipped and spacious central library with rich collection of books and journals</li><li>10. Uplifting the standard of living of the tribal students.</li><li>11. Well planned and organized Student Training and enriching Programs</li><li>12. MoU with industries for student centric programs</li><li>13. Well-guarded and safe environment for on campus students</li><li>14. Co-curricular and extra-curricular activities for holistic development of students</li><li>15. Dedicated mentoring system</li><li>16. Outreach activities for societal needs</li></ol>
2) Institutional Weaknesses	<ol style="list-style-type: none"><li>1. The students at the entry level are with poor competencies</li><li>2. Being a rural Institution, peer group interactions are not contributing to learning</li><li>3. R&amp;D activities to be strengthened</li><li>4. English language proficiency of students to be improved</li></ol>
3) Institutional Challenges	<ol style="list-style-type: none"><li>1. To get featured in NIRF ranking</li><li>2. Inculcating R&amp;D culture among students</li><li>3. Start up and entrepreneurship on wider scale</li><li>4. Enhancing employability skills of students in rapidly changing technology in an affiliated institute</li></ol>

## ACADEMIC AND ADMINISTRATIVE AUDIT REPORT Year: 2021-2022

1. **Name of the College :** Brahma Valley College of Engineering & Research Institute, Nashik
2. **Number of Full time Teacher:** 77
3. **Number of Teachers Part time:** 00
4. **Number of Programmes:** UG:04 PG:01

Sr. No.		Observation on key Aspects
01	Academic management	<ul style="list-style-type: none"><li>• Good number of UG and PG programmes.</li><li>• Qualified and Experienced Teachers</li><li>• Teachers using ICT tools in teaching learning</li><li>• Teachers appraisal system according to UGC regulations</li><li>• Teachers are initiate to attend seminar /conferences/workshop and presented their papers</li><li>• College published academic calendar</li><li>• Feedback collected on curriculum from the all stake holders</li></ul>
02	Administration & Management	<ul style="list-style-type: none"><li>• Decentralized administrative management</li><li>• Functional IQAC and LMC</li></ul>
03	Academic practices	<ul style="list-style-type: none"><li>• Teachers makes annual teaching plan and lesson notes</li><li>• Special Guidance programme by University of Pune was conducted</li><li>• Organized seminar /conferences and faculty attend refresher/ orientation for professional development</li><li>• College provided mentoring system for academic, stress related issues.</li><li>• Academic and Administrative audit conducted</li></ul>
04	Infrastructure, Financial and support facilities for Academic Activities.	<ul style="list-style-type: none"><li>• Construction and renovation of science laboratories and class rooms were undertaken</li><li>• Adequate Indoor Sports Facilities</li><li>• Adequate number of class rooms and laboratories</li></ul>

## Key Indicator- 1.1 Curricular Planning and Implementation (20)

1.1.1: The Institution ensures effective Curriculum planning and delivery through a well-planned and documented process including Academic calendar and conduct of continuous internal Assessment (500 Word).

### Response:

Nashik Gramin Prasark Mandal's, Brahma Valley College of Engineering and Research Institute, Nashik, has been established in the year 2008, affiliated to SPPU, Pune and follows the curriculum given by SPPII University. At the beginning of each semester meeting is held by principal with Head of Departments and sections, Cultural secretary and each committee head to plan the academic calendar of Institute by using the guideline from SPPU academic calendar. The calendar is finalized by the Principal and it is distributed to all departments. Before commencement of next semester, faculty gives the information for elective subjects to the students which help them to choose best elective which are considered while taking subject choices from every faculty.

The HOD's allocates the courses to the faculty members as per their expertise adoption. Class wise and Course wise time tables is prepared for effective planning and delivery of courses. Faculty members prepare course files, teaching & lesson plan, practical plan & laboratory manuals. Every semester each teacher prepares a course file which contains the following documents.

1. Academic calendar
2. Syllabus
3. Time table

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

4. Lesson Plan and Teaching plan
5. Roll Call list
6. Student Attendance
7. Continuous Assessment Sheet
8. Teaching notes
9. Question papers & Solutions
10. Assignments
11. Record of Guest Lecture

A clear plan to fill up the curricular gaps either by teaching content beyond the syllabus, invited lectures, workshops are also included in the course plan. Faculties are encouraged to implement the curriculum through student centric learning methods.

**Curriculum Deployment:**

Time table is prepared for every department and after finalizing it by concerned HOD and Principal, it is displayed on department's notice board. Due importance is given for project work. Mega Project are given for final year students. The final year students are encouraged to get sponsored project, also they are motivated to do internship.

**Industrial Visit and guest lectures** by experienced personalities from industries, education and research institutes are conducted regularly to ensure interface with industry and to know the recent trends in field of engineering.

**The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation.**

**Response:**

  
**PRINCIPAL**  
Brahma Valley College of Engg. & RI

The academic calendar of the institute is an important document prepared at the beginning of academic year taking the reference of university calendar.

**The Institute's academic calendar constitutes schedules of:**

- Date of commencement and conclusion of semesters
- Curricular and co-curricular Activities
- Dissertation Viva-Voce
- Assignment Submissions
- Internal Prelim Examination/ Internal Examinations
- SPPU Online Examination
- SPPU Theory Examination
- List of Holidays

For transparency of functioning, both the University and the college academic calendars are placed on the college notice board and college website.

### 2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences using ICT tools.

#### Response:

In order to improve knowledge, skill and build confidence among the students as well as to acquire required soft skill knowledge required for industry in order to make them eligible for job, entrepreneurship development, the teaching-learning process is made effective and efficient by our institute through Experiential learning, participative learning and problem solving methodologies.

#### Experiential Learning:

- In the experiential learning process, the students are actively engaged in performing the experiments in laboratory as well as on field ,clearing their doubts by asking questions, investigating the same and being curious in solving problems. Students are then able to apply the learned theory to its practical applications to solve the various engineering problems.
- Our Institution established industry powered centers to train the students on emerging technologies by signing MOU's with industry which helps our second year students to do their four to six weeks internship by working on field and final years students complete their projects by performing experiments in various industries. Industry expert share their knowledge and experience and guide for completion of projects.
- Experiential learning through theory to practicals make the students to aware how theoretical laws and principles are applied applied practically to solve the various engineering problems.
- Students are encouraged to take up innovative major and mini projects as well as seminar to aware of new emerging technology.
- Our Institution established e-learning facilities and resources like NPTEL, ATAL, COURSERA, MOOCs ,Learning Management System (LMS), Content Management System, e-books and e-journals, digital library to improve their creative thinking in technical and research fields.
- Conducting investigations for solving complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions

#### Participative Learning:

- Students are motivated to take Massive Open Online Courses (MOOCs) offered by premier institutions which includes online lectures, demonstrations and interaction through ICT facility.
- Various seminars, webinars, workshops are arranged for the students on various emerging topics.
- The teachers integrate **hands-on experience** through group activities, role-plays, film screening, group discussions and connecting the syllabus to everyday examples, along with the conventional pedagogy.
- The teaching-learning process is augmented by presentations, discussions, debates, assignments, interactions with experts, and industrial professionals, remedial classes and tutorials, workshops and college/national/international level seminars.

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

- Arrangements are also made by the College for the students to go on **industrial visits** and are provided **internships** where they can get hands-on experience.
- Major projects involving latest technologies and use of advanced soft-wares like PRIMAVERA, SPSS, STAAD-Pro, ETABs, Matlab, Ansys, Django, Eclips, Linux, Windows and Android Studio etc. are encouraged. With the help of these, different problems are investigated to a reasonable level by final year students under the supervision of project guides, within the constraints of time and resources in each department.
- Proficiency in soft and communication skills through lab sessions is also taken care.

### **Individual Learning**

Institute had encourage the students to actively participate in various competitions and hands on workshops and trainings. All such events provides platform for the students to improve their skills. Institute also provides individual learning platform for students like E-Learning facility, NPTEL, SWAYAM, online certification programmes, online Spoken Tutorial projects etc.

### **Placement Cell:**

The College has a vibrant **Placement Cell**, which consistently creates programmes, like the Personality Development Course, for experiential and creative learning processes to enable an increasing number of students to get better placements in the contemporary job markets.

### **Industry Interaction and Training**

Industrial/field visits, Practical training/internships at Industry are mandatory at present. Industry projects and collaborations are undertaken to enrich students with pre-employment training.

Periodical guest lectures on topics relevant to employment skills by personnel from renowned organizations/industries.

### **Virtual Platforms:**

Other virtual platforms like Google Classroom, Google Meet, YouTube, Whatsapp and Zoom have helped to incorporate the model of flipped classroom and blended learning.

### **COVID-19 Pandemic:**

During COVID-19 the College has adopted ZOOM, GOOGLE MEET, GOOGLE CLASSROOM, MS Team as the platform for online teaching, facilitating enriched teacher-student interactive interfaces. Insem exams, orals were conducted online by using virtual platforms.

### **Innovative Pedagogy Practice**

Institute promotes participative learning through innovative pedagogy practices such as group discussions, Debate Competition, quizzes, role-play, fun game, learning through art (Rangoli/Poster) etc. during teaching learning process and through department activities.

### **MoUs with Industries:**

### **Our Institute**

Institute has tie-up and signed active MoUs with various industries. Second year students are able to do their four to six weeks internships by actually working in industries to understand what

  
**PRINCIPAL**  
 Brahma Valley College of Engg. & RI

actual processes are carried out in industries. Also training programmes have been arranged resulting in enrichment of faculty members and students.

Final year students are also able carry out their projects in various industries by actually performing practical's in industries under guidance of industry experts.

**NSS field work Activity:**

NSS unit of the institute supports to conduct various activities like tree plantation, International yoga day (for health awareness), National Voters Day (for voting right awareness), road safety, fire safety awareness programs, save water save life, save girl child.

NSS unit of the institute Mahatma Gandhi jayanti, Shri Sant Gadage Baba Jayanti to make people aware about Swacchha Bharat Abhiyan, National Unity Day, National Law Day, Vachan Prerana Day, Womens Day, National Youth Day etc.

  
**PRINCIPAL**  
Brahma Valley College of Engg. & RI

2.1 Number of full time teachers during the last five years (Without repeat count)

2.2 Number of full time teachers year wise during the last five years

2.4.2 Percentage of full time teachers with NET/SET/LET/ Ph. D./D.Sc. / D.Litt./A.L.L.D. during the last five years (consider only highest degree for count)

a) Provide information on full time teachers presently working in the institutions

## 2.3 Teaching-Learning Process.

In our college the internal assessment process is carried out transparently as a part of teaching-learning process covering assessments for internal evaluation of laboratory courses' term works, seminars, project-based learning, and final year projects. At the time of reporting the Faculty explains the whole process of evaluation including in-semester examinations, End-semester examinations, Term work evaluation, mock oral / practical assessment process and Project / seminar evaluation.

At the time of reporting Academic calendar which contains academic activities which is given to the students. Students are also notified and well known about the distribution of marks and schedule of internal evaluation. Workbooks for seminars, project-based learning, and projects are provided to the students in advance which include all the guidelines, and schedule of activities related to continuous assessment. Laboratory work/term work. Internal Assessment Continuous assessment of each Laboratory term work head is carried out and known to the students. The laboratory work evaluation is the award of term work marks SPPU insists on a minimum of 75% attendance for appearing in examinations which is one among benchmarks for term work.

All examination time tables is displaying on department notice board, on web portal and SMS to students. The question paper pattern and model answer paper is informed to the students by the concerned faculty members before the commencement of examination. Information regarding marks verification and revaluation of answer sheet for FE to BE University examination is provided by the college office by displaying notices from time to time .Assessment and result analysis are carried out by class teachers and authorities time to time and Performances of students are monitored and feedbacks on teachers are collected for remedial measures. The authorities conduct review meetings time to time.

In our college some student are slow learners, some are medium, few student are Fast learners. Remedial classes and evaluation process are carried out for slow learners, medium learners and absentee students. Fast learners are motivated to participate in various competitions

During the induction program, Parents are informed about evaluation process and the parents are advised to visit college for future necessary steps for improving performance of their wards.

At the time of parents meet Performance of the students and progress reports are monitored and provided to parents after every assessment and evaluation. The parents or guardians are also intimated about performance of their wards.

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

The college facilitates the effective conduct of the teaching – learning process. Student centric methods, such as experiential learning, participative learning, and collaborative learning methodologies are used for enhancing learning experiences using ICT tools. As experimental and participative learning increases the overall understanding of the subject and its application.

#### **Experiential Learning:**

- Our Institution established industry powered centers to train the students on emerging technologies by signing MOU's with industry which helps our second year students to do their four to six weeks internship by working on field and final years students complete their projects by performing experiments in various industries. Industry expert share their knowledge and experience and guide for completion of projects.
- Our Institution established e-learning facilities and resources like NPTEL, ATAL, COURSERA, MOOCs, Learning Management System (LMS), Content Management System, e-books and e-journals, digital library to improve their creative thinking in technical and research fields.

#### **Participative Learning:**

Students are motivated to take part in projects, Seminar, Model competition, National, State level competition, State level projects competition etc. Every department arrange programs for learners to Participate in different activities and learn on their own.

- Students are motivated to take Massive Open Online Courses (MOOCs) offered by premier institutions which includes online lectures, demonstrations and interaction through ICT facility.
- Various **Seminars, Webinars, Workshops, Study tours** are arranged for the students on various emerging topics.
- Major projects involving latest technologies and use of advanced soft-wares like PRIMAVERA, SPSS, STAAD-Pro, ETABs, Matlab, Ansys, Django, Eclips, Linux, Windows and Android Studio etc. are encouraged. **Problem-solving Methodologies:**
- Assignments in higher level of thinking are given to the students to break down ideas into simpler parts and find evidence to support self-learning abilities.
- Students are encouraged to find out the solutions for real time problems via case studies, and field/industrial projects/visits.
- Industry based projects are carried by the students.

#### **Placement Cell:**

- The College has a vibrant **Placement Cell**, which consistently creates programmes, like the Personality Development Course, skill development courses for experiential and creative learning processes to enable an increasing number of students to get better placements in the contemporary job markets **COVID-19 Pandemic:**

During COVID-19 the College has adopted ZOOM, GOOGLE MEET, GOOGLE CLASSROOM, MS Team as the platform for online teaching, facilitating

  
**PRINCIPAL**  
Brahma Valley College of Engg. & RI

enriched teacher-student interactive interfaces. Insem exams, orals were conducted online by using virtual platforms.

**MoU's with Industries:**

Institute has tie-up and signed active MoU's with various industries. Second year students are able to do their four to six weeks internships by actually working in industries to understand what actual processes are carried out in industries.. Final year students are also able carry out their projects in various industries by actually performing practical's in industries under guidance of industry experts.

**NSS field work Activity:**

- NSS unit of the institute supports to conduct various activities like tree plantation, International yoga day (for health awareness), National Voters Day (for voting right awareness), road safety, fire safety awareness programs, save water save life, save girl child etc.

  
**PRINCIPAL**  
Brahma Valley College of Engg. & RI

The journey of Brahma Valley College of Engineering & Research Institute always full of innovations & innovative ideas in education .It always has been in the mode of re-inventing and re-defining itself.

In our college, we promote research activity for all students and faculty members. We promote our faculty members to do research by using standard research journals and digital library and submit a proposal under College Development research grant. In our Institute we conducted technical events.

We will firstly take presentations on student's research ideas and provide them all the necessary requirements like research journals, digital library etc. All the research journals and digital library are easily available for Under Graduate and Post Graduate students as well as faculties. The students and junior faculty members are guided and motivated about publication of research papers in reputed journals, the institute regularly organizes different Faculty Development Programs (FDP), workshops and conferences. The institute regularly organizes Train the Trainer programs by the senior faculty to the newly joined faculty to transfer the knowledge on methodology of teaching different courses at undergraduate level. It also promotes the faculty to attend the training programs by way of guest lectures and expert's lecture sessions at other institutions for knowledge sharing. The students also participate at national conferences for knowledge sharing. The institute encourages the faculty to pursue higher studies by offering study leaves for their course work completion. The library and laboratories resources are made available to the researchers for experimentation. Further, institute motivates the faculty and students to participate in different activities carried out in industry and society. This kind of well-defined practices has helped the institute to bring major changes in outcome amongst the students and faculties to present and publish papers in journals and conferences, organize and attend FDPs, STTP, seminars, workshops, start-ups and to file patents.

## Extension Activities.

A summary of awards and recognitions received for extension activities from government/government recognized bodies is as follows

Dr. C.K.Patil has been recognized for Savitribai Phule Excellence Award-2022 for Best Innovative Leader From International Award Conference on social & higher Education.

Our Alumni Mr. Bairagi Kunal founder of furry feeds has been awarded with best entrepreneur by government of Maharashtra. Award was given for the best pet food brand in Maharashtra who is having best quality food and treats for dogs and cats.

Our Teaching Staff Mr. Shivde K.S. has been awarded by Dr.P.V.Pawar Research and Innovative Centre for best research scholar award.

Blood Donation activity conducted on the occasion of National Sports Day in 2018. Award has been given by Arpan group of blood bank.

Our college has participated in Indian Education Summit in 2017.

Our Institute has Participated in the "Make India IT literate run Prygma Educorp.

Grampanchayat Talegaon have appreciated the institute for exceptional work in NSS activities.

Brahma Valley College of Engg. & TU

# Physical Facilities.

## Essay 500 Words

The Institute has a beautiful landscape, aesthetic architecture, pollution free lush green environment of 10 acres situated within 35 acres Brahma Valley Educational Campus. Institute with all required physical infrastructure to ensure fruitful teaching learning activities to meet current and future requirements of the courses offered. Institute has developed best infrastructure as per norms and criteria specified by concerned regulatory bodies like AICTE, DTE Maharashtra and affiliating University, Savitribai Phule Pune University to maintain the continuous excellent quality of academic programs.

### **Classrooms:**

The Institute has well-furnished, well ventilated, spacious classrooms equipped with LCD projectors & have internet connectivity through LAN/ wi-fi.

### **Laboratories:**

All laboratories are well equipped with state of the art equipment and facilities. All laboratories are established as per AICTE norms & as per curriculum prescribed by affiliating University, Savitribai Phule Pune University. Language Laboratory is established to improve communication / soft skills of students.

### **Language Laboratory:**

Language Laboratory is established to improve communication / soft skills of students.

### **Computing Equipment:**

Adequate number of computers, printers and scanners are available in the institute which exceeds the norms prescribed by AICTE. Computer with internet connectivity is provided to all the teaching staff members.

### **Gymnasium & Yoga:**

Gymnasium is available with new and modern equipments. Campus is air & noise pollution free & is ideal for Yoga activities. International Yoga Day is celebrated to promote Yoga activities.

### **Cultural Activities:**

Annual cultural Event "Brahmotsav" is celebrated to promote cultural activities. Cultural Committee is constituted to promote cultural activities.

### **Sports & Games (indoor and outdoor):**

Institute is having huge playground for outdoor games. It is also used for outdoor games like Cricket, Running, Kabaddi, Football, etc. Sufficient space & infrastructure is available for indoor games.

### **Auditorium:**

Sir Visvesvaraya Auditorium is available with all required facilities.

### **Transportation Facility:**

Transportation facility is provided to students & staff members.

### **Medical Facility:**

In campus Clinic with experienced doctors is available.

### **Canteen Facility:**

Spacious Canteen is available for students, staff & visitors which serves nutritious & healthy food.

# IT Infrastructure

IT infrastructure & required softwares are available as per norms specified by affiliating University, AICTE and as per requirement of programs offered by the Institute. IT infrastructure includes Computers, Wi-Fi access points, printers, scanners, etc., along with these there are sufficient required accessories to support IT infrastructure like LAN switches, CCTV cameras with DVR, digital camera & mic for online teaching learning, etc. IT infrastructure of the Institute exceeds the requirement norms specified by AICTE. In addition to above UPS systems are installed with sufficient battery backup. Institute is also having diesel generator backup in case of major power issues if any. Institute regularly updates its IT facilities and more than 100 Mbps bandwidth is available through multiple connections. Institute is having Wi-Fi connectivity through Wi-Fi access points.

All departments are having Smart Classrooms equipped with LCD projectors & have internet connectivity through LAN or Wi-Fi. Computer Center & Language laboratory is available with required hardware & software. Staff and students can easily access computer / internet through computers available with the department or through computers at Computer Center / Library. Sufficient number of computer peripherals like printers, scanners, etc are available with all departments which can be easily accessed by the staff and students. Administrative office, Library, Laboratories are also equipped with all these facilities.

Institute promotes use of open source operating system softwares like Linux / Ubuntu etc along with various open source application softwares as recommended by AICTE. The institute is having Enterprise Resource Planning (ERP) facility to ease the administration. Institute is having centralized system admin section to take care of IT infrastructure, internet connectivity, software installation and hardware maintenance / up-gradation etc.

Institute has started NPTEL local chapter to promote online teaching learning & have sufficient infrastructure for the same. Institute is using Google Workspace for Education, facility given by Google to educational Institutes.

Institute regularly updates & upgrades the IT infrastructure, few purchases done to strengthen the IT Infrastructure from AY 2017-18 are given below:

No	Material	Nos	Year of Purchase
1.	HP CPU Desktop Intel Core i5 Second Generation Computer with 17" LCD Monitor	100	2017-18
2.	Laserjet Printer Canon 2900	7	2017-18
3.	Canon 1100 Scanner	1	2017-18
4.	Computer Headphones	20	2018-19
5.	Biometric Attendance Machine	1	2019-20
6.	WD 1 TB External HDD	8	2020-21
7.	USB Webcamera	7	2020-21
8.	Wi Fi Internet Router	12	2021-22
9.	Segate 1 TB External HDD	3	2021-22

International Yoga Day	21-06-20	50	Ms. Chaitali Shinde
Online Manufacturing Training	01-12-20	122	Mr. Datta D More
Key to Success	09-02-21	71	Mr. Vishnu Nair
International Yoga Day	21-06-21	52	Ms. Pragati Shinde
Exercise, Pranayam & Meditation	24-05-22	71	Mrs. Rashami Lokande
ICT/Computing Skills			
Scope in Infrastructure Development	28-07-17	80	Mr. Vishnu Nair
Introduction to World of Investment & Mutual Fund	28-08-17	49	Mr. Amit Gore
Electrical Maintenance	11-04-18	40	Mr. A A Borkar
Causes of Project overruns and means to combat them	26-07-18	55	Mr. H.K.Kadam
Cyber Security	28-08-18	75	Mr. Vishal J Dode
Introduction to HR Practices	29-11-18	36	Mr. Ramesh Joshi
Financial Literacy for Mechanical Engineering Student	05-03-19	90	Dr. H.P. Ghongade
Data Science	10-07-19	74	Mr. Amol D Ambekar
Digital Marketing as Career Option	13-09-19	43	Mr. Bajrang Sharma
New innovative techniques in Land Surveys	12-11-19	40	Mr. Kautub Bhatwadekar
Role of Electrical Engineers in Industries	17-04-20	74	Mr. Vaibhav S Surve
Innovative Solutions for Pavment Stabilization and Ground Improvement Applica	24-08-20	80	Er. Rushikesh Dhumse
Webinar on ABC of Stock Market	06-05-21	40	Ms. Vineeta Kulkarni
Robotic Process Automation	28-07-21	138	Mr S.S. Deshpande
Digital Business	14-09-21	105	Dr. H. P. Ghongade
Cyber Security	25-09-21	104	Mr. Vishnu Nair
3D Printing	12-03-22	110	Mr. Vishnu Nair
PPT Creation	17-03-22	108	Dr. Anjali Ashokrao Bhadre
Microsoft Excel	26-03-22	102	Dr. Anjali Ashokrao Bhadre
Quality Control in Civil Project	28-08-22	71	Mr. Dattaraya A Shelar

5.1.3 Percentage of students benefitted by guidance for competitive examinations and career counselling offered by the institution during the last five years

Year	Guidance for competitive examinations			Details of career counselling		
	Name of the Activity	Number of students participated	Number of students qualified in the competitive examinations	Name of the Activity	Number of students participated	Number of students placed
2021-2022	Coaching for GRE/TOEFL/IE LTS/GATE	231		Appitute Training	241	90
	Guidance / Counselling on MPSC preliminary and mains exam.	240		Expert session on Interview Prepration.	245	

BR

**PRINCIPAL**  
Brahma Valley College of Engg. & RI

5.2.1 Percentage of placement of outgoing students and students progressing to higher education during the last five years

Year	Name of student who has been placed	Program graduated from	Year of graduation	Name of the employer with contact details	Pay package at appointment (In INR per annum)

## 7.1 Institutional Values and Social Responsibilities

7.1.1 Measures initiated by the Institution for the promotion of gender equity during the last five years.

### RESPONSE:

Gender equality is a fundamental human right and foundation for a peaceful, prosperous, and sustainable world. Gender equality is when people of all genders have equal rights, responsibilities, and opportunities. The institution understands the commitment towards gender equality, and many initiatives have been taken into consideration for the same. The institute has a culture of equal opportunity for all cadres and genders. It is reflected during academic, administration, and other activities. Brahma Valley College Of Engineering & Research Institute organizes various campus programs so students know their responsibility to the community.

The main services provided listed below:

#### 1. Safety & Security

The security of students is a top priority at every college campus. Nowadays, a safe and supportive campus community is both an obligation and a challenge for college administrators and students. So, on our campus, we provide CCTV camera provision for 24 hours. It helps to keep a check on antisocial activities. Students and other employees in the college to remain cautious about the surveillance. Guardians are satisfied with our discipline on campus. Fire extinguishers are kept at various locations in the institute. The security person at the entrance gate maintains the records of visitors.

#### 2. Counselling

##### a. Mentor and Mentee

Tutors are assigned the responsibility of mentoring and counseling students. Each tutor takes care of a group of 20-25 students. Students are being counseled individually as per needs.

##### b. Women Grievance cell

The Women Grievance Cell was established in the Institute under the Act No 20 of 1990 of the Government of India. 'The Women's Grievance Redressal Cell' aims to ensure a safe and conducive environment for female employees and students. It provides confidentiality and support to the campus community who might be victims of sexual or physical abuse. Further, it helps the victims submit their grievances through informal and formal means; it ensures fair and timely redressal.

#### 3. Common Rooms

In the institute, a separate girls' common room is provided, which is used during leisure time, lunch hours, and biological clock hours or as per the need. Facilities like drinking water, mirror, washbasin, sanitary pad vending machine, incinerator machines, and so on are made available.

#### 4. Day Care Centre for young children

Society has a sister concern school nearby, which is extending support to provide daycare facilities to our faculty members' kids.

## RESPONSE:

Gender equality is a fundamental human right and foundation for a peaceful, prosperous, and sustainable world. Gender equality is when people of all genders have equal rights, responsibilities, and opportunities. The institution understands the commitment towards gender equality, and many initiatives have been taken into consideration for the same. The institute has a culture of equal opportunity for all cadres and genders. It is reflected during academic, administration, and other activities. Brahma Valley College Of Engineering & Research Institute organizes various campus programs so students know their responsibility to the community.

### The Main Services Provided Listed Below:

#### 1. Safety & Security

The security of students is a top priority at every college campus. Nowadays, a safe and supportive campus community is both an obligation and a challenge for college administrators and students. So, on our campus, we provide CCTV camera provision for 24 hours. It helps to keep a check on antisocial activities. Students and other employees in the college to remain cautious about the surveillance. Guardians are satisfied with our discipline on campus. Fire extinguishers are kept at various locations in the institute. The security person at the entrance gate maintains the records of visitors. Sufficient lighting is provided in the campus during nights in case of extension of regular hours for placements or cultural activities. Separate hostels are provided for girls with appropriate security arrangements and hostel committees are formed to take care of the students.

#### 2. Counselling

##### a. Mentor and Mentee

Tutors are assigned the responsibility of mentoring and counseling students. Each tutor takes care of a group of 20-25 students. Students are being counseled individually as per needs.

##### b. Women Grievance cell

The Women Grievance Cell was established in the Institute under the Act No 20 of 1990 of the Government of India. 'The Women's Grievance Redressal Cell' aims to ensure a safe and conducive environment for female employees and students. It provides confidentiality and support to the campus community who might be victims of sexual or physical abuse. Further, it helps the victims submit their grievances through informal and formal means; it ensures fair and timely redressal.

#### 3. Common Rooms

In the institute, a separate girls' common room is provided, which is used during leisure time, lunch hours, and biological clock hours or as per the need. Facilities like drinking water, mirror, washbasin, sanitary pad vending machine, incinerator machines, and so on are made available.

#### 4. Day Care Centre for young children

Society has a sister concern school nearby, which is extending support to provide daycare facilities to our faculty members' kids.

**7.1.4: Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and Sensitization of students and employees to the constitutional obligations: values, rights, duties and responsibilities of citizens (Within 500 words)**

## RESPONSE:

The Brahma Valley College of Engineering And Research Institute is situated in a rural area of Nashik Region. Most of the students come from the Adivasi Wadi, Pada – nearby Adivasi town and from the surrounding villages. Most of the students belong to the socially and economically backward classes. Therefore, socioeconomic diversity is not strongly felt in the institutional environment. The institution receives students following various religions. The majority are the from Hindu Religion. There are many students also from SC, ST, OBC communities. All these students celebrate each others festivals during all celebration days. In any festival celebrations in the institutions the Muslim and Christian students also participate in Garba, Eid, Dasara, Holi etc. The institution has not yet witnessed any case of unrest due to religious disparity.

Many students who come from the rural tribal belt, speak the dialect of their regions. Some non-maharashtrian students speak in Hindi as their mother tongue to communicate each other effective way. But this does not serve as a language barrier as our national language is Hindi.

The values of tolerance and harmony are instilled by many cultural activities undertaken by the institutes.

In the institution on majority count, we celebrate all kinds of days like constitution day, teachers' day, women's day etc.

Republic Day and Independent Day are celebrated every year in our college campus. All teaching, non-teaching staff and students participate for the cause of nation. The inspiring speeches are conducted all dignitaries.

Institute always motivates students to organize and participate in different programs organized by institute, inter-institute, University and other Government or non-government organizations to make them sensitize towards cultural, regional, linguistic, communal and socio-economic diversities.

**7.2.1 Describe At Least Two Institutional Best Practices (As Per NAAC Format)**

Response:

**Title of Best Practices I – Student Adoption Scheme**

Today's education system is student-centric. The overall progress of the student is the main aim of the BVCOE&RI. To fulfil these needs under social responsibilities, the institution introduces the "Student Adoption Scheme" in all branches of engineering from 2<sup>nd</sup> year of engineering to 4<sup>th</sup> year of engineering. Under this Scheme, College students funded by as per their economic needs to pursue their education.

**Objectives:**

The Objective of The Scheme –

- Providing Financial Assistance to The Needy and Meritorious Students.
- Providing Economics Support For EWS, OBC, General and NT Category Students.
- Special Schemes for Girl Candidates.
- To Attain Academic Progress of The Students.
- To Provide Educational and Physiological Individual Sessions for The Students.
- Take Feedback from These Students and Make the Appropriate Changes in The Structure.

**Context:**

The government offers many scholarship programmes to help financially disadvantaged students. In addition to the current scholarship programmes, the institution launched the 'Student Adoption Scheme' in 2016. The institution fulfils its mission to provide education for everyone by giving financial help to students from economically disadvantaged backgrounds.

**The Practice:**

The scholarship is given to students based on their needs and merit basis. The student applies for the scholarship, stating why he/she needs money. After determining that the pupils are deserving of a scholarship, a committee recommends the case to the office. Financial help is given to students based on their needs.

**Highlights**

Institute has provided scholarship of Rs.1,12,41,451/- during last five years

**Evidence of Success:**

After the implementation of this strategy, the dropout rate owing to a lack of resources has been decreased and the effective measures lead to success rate of the students in throughout curriculum. Students who could not afford to complete their education owing to financial difficulties benefited from this initiative. This scholarship has aided numerous students up to this point.

**Problems Encountered and Resources Required:**

Getting initial funding together was the most difficult obstacle to overcome while establishing the programme. The scholarship programme initially began with little financial means, but over time, more funding was acquired. A significant number of generous individuals came forward to make contributions to the fund. Donations were made by staff members as well, who were quite kind.

**Title of Best Practices II – Provision of Promotional Services for Basic Education to the Rural Area**

As the BVCOE&RI is located in Trimbakeshwar Anjaneri hills which is in remote location from Nashik City is far away from city. The modern education system outreach for the rural area of the student's, the places are like Kalwan, Jawahar, Dhanu etc. where all students are counselled for the basic education to the higher education as per the need of them. In promotion activity the bond between teacher and pupil is emotionally cum mentally set for the education social society from the campaigner.

**Objectives:**

- Promoting Basic & Modern Education to Rural Area Students.
- Students Counselling for Basic and Higher Studies.
- Support For Higher Education.
- Learning Process Is So Much Easy.
- Promoting a stress free and an amiable atmosphere education system

The idea behind adopting this practice is to promote basic education to higher education to the society. Educating the students increases the likelihood of their better social and economic status.

**Context:**

The college is committed towards promoting rural area education since starting of the BVCOE&RI college with objective of the Basic education is related to the basic needs and interest of the education for the development of a child. The aim of Gandhiji's basic education was to educate the students on crafts which would enable them to solve the problems of their livelihood and at the same time develop qualities of good citizenship. Major reasons for rural areas students drop-out after school/colleges are low family income, early marriage or lack of awareness and many parents are not in favour of co-education in Maharashtra.

## The Practice:

The College Has Taken Following Initiatives and Made It A Practice

Visiting The Villages to Convince the Parents to Send Their Pupil for Basic/Higher Education:

Teams comprising of teachers are assigned the task of visiting various nearby villages like Kalwan, Jawahar, Dhanu etc and counsel the parents of the pupil to send them to school/college to pursue higher education. Poor households lack the resources to pay for the education of financial assistance under the various school/college scholarship schemes run by state government and engineering college BVCOE&RI student adoption schemes.

Hostel Facility:

Institute helps to increase Awareness Regarding various Government Schemes Available for Tribal Students.

## Evidence of Success:

The college's efforts have resulted in a significant improvement in the situation. The community as a whole has taken a constructive stance towards the education of the students. A number of villages, including Kalwan, Jawahar, and Dhanu, have seen an increase in the number of students enrolling from their communities. In this specific community, the percentage of high school and college students who did not continue their education after dropping out was rather high. The consistent efforts made by the college have assisted in encouraging the parents to send their children to the school or college of their choice.

## Problems Encountered and Resources Required:

It was a difficult and uphill battle to convince the parents living in the educationally disadvantaged and isolated communities. The college sent groups of educators to tour local schools and communities in rural areas in order to raise awareness about the importance of child education. Teachers engaged in conversation with community elders and sarpanches, the head of the Gramme Sabha, in an effort to persuade them to send students to school or college. At first, the parents refused to allow their child to attend for a variety of different reasons. It was determined which resources were necessary to combat the issues, and those issues were addressed. In addition, a bus was purchased on a rent-to-own basis, and the capability for providing transport was made available in order to cater to the needs of the parents.

### 7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words

Response:

Since its establishment in 2008, Brahma Valley College Of Engineering And Research Institute as stated as BVCOE&RI. "Incessant attempts and hard work win unattainable goals" was an initiative that sought to offer young people access to high-quality higher education and to equip them with skills that would make them employable. The institution's Vision, Mission, and Objectives clearly point to helping to build up socially productive and optimistic citizens along with elevating people in educational, social, cultural, economic, and physical domains based on the curriculum of the Savitribai Phule Pune University, Pune combining it with the core values attached to BVCOE&RI the focus is on skill development, career-oriented Courses, industry visit, field-based study, and college have brought all of these together.

Students who are struggling academically, particularly female students, and pupils from the SC/NT, OBC, and minority segments, are offered additional support and assistance. The school's objective is to provide education to kids who are isolated from the general population. This is in line with the fact that all of our institutional activities are student-centric, and a particular focus is placed on the student's total growth and development. The institution has its own suitable physical infrastructure for efficient teaching and learning, complete with cutting-edge tools and technology, including online and offline resources.

On the BVCOE&RI campus, along with other sports, cultural, and technical activities, an active National Service Society (NSS) unit plans activities like tree plantation and field visits to expose the students to the pressing issues in our society. Experts' members arrange a session on Yoga. Every first-year faculty member regularly interacts with the students through open discussions on various topics. Several activities are undertaken for the first-year students to expose them to the pressing environmental issues that ail us. They are taken on field visits to related industries and encouraged to participate in competitions dealing with environmental issues. As a special thrust, societal development is also instilled on a large scale into the students through the active NSS unit which undertakes various services to inculcate social values. During the course of the year, the NSS unit participates in a wide variety of activities, including but not limited to street plays, cleanliness campaigns, tree planting drives, donation drives, waste management drives, gender equality field trips and many other activities. During the course of the camp, the NSS group will put on street plays that are meant to bring attention to social issues.

Along with providing students with opportunities to improve their academic experience, colleges and universities also provide a variety of extracurricular activities with the goal of developing students' entire personalities and helping them realise their full potential. Students

# Alumni Engagement

## Response:

Alumni are one of the main stakeholders of the institute as they contribute immensely to the development of the institute in multiple dimensions. Alumni of the institute are providing mentoring services to institute this became influential in making the students understand the industry institute gap and also the way to plan and shapeup their career in right direction and making the students to understand various business opportunities and providing all the support required for preparing the students to become industry ready or to make as entrepreneurs by knowing the current dynamics of the industry. The institute is conducting many alumni based events like online virtual meets, Guest lectures and knowledge sharing sessions, during the events, the Alumni are sharing their success stories to the ongoing students. Alumni could bring the need for tool-based learning, conducting project-based labs. Alumni have deliberated on concentrating on industry-based research projects and undertaking consultancy based on the expertise of the faculty and the kind of research labs supported by the department.

## Vision

The vision of the Brahma Valley College of Engineering & Research Institute Alumni Association is to connect all alumni and present students by networking with one another and emotional connection between the college and its alumni.

## Mission

This Alumni Association is aims to provide a common platform for all Alumni of this institution, the objectives of associations are

- To encourage the interaction between Alumni and institute benefited mutually to both.
- To guide the students of the Institute for higher education, professional development.
- To boost the students of the Institute and Alumni members of the Association for research developmentwork in various fields of Engineering.
- To mentor students of the Institute on various professional careers available and support them through various activities such as workshops, expert advice, seminars, industrial visits, etc.
- To support and assist other regional bodies for training programs in entrepreneurship development, with resources available with the association.
- To encourage and support students of the Institute in sports, cultural and extra-curricular activities.

Sighting the above objectives, the Alumni Association contributes in many ways for the development and betterment of our Institute. Students and institutes are benefited in various fields such as student placement, training, expert lectures, career guidance sessions, Industrial visits and mentoring. We conduct alumni meets every year for the engagement of alumni. It is our aim to develop everlasting relations with our alumni which in turn will give rise to mutual benefits.

The event was stimulating and enjoyable and simultaneously profitable as all members shared their views envisage and good numbers of new ideas, information and insights came up. Also a great networking is created between all by this. The association is hopeful to run and successfully structure and position itself into a fully functional global platform for BVCOE & RI alumni.

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

**1.Alumni meet:**

Brahma Valley College of Engineering & Research Institute has a tradition of inviting alumni for Annual Alumni Meet. This is the best platform for networking and sharing their experiences, new trends and current happenings in engineering field.

**2.Alumni Interaction:**

Alumni of Brahma Valley College of Engineering & Research Institute give inputs to aspiring Engineering graduates. They are invited as resource persons at various events, guest lectures etc. They provide inputs and share their experiences regarding skills, industry working culture, recent technologies, application of knowledge.

**3.Campus Placement:**

Alumni come to campus as recruiters for their companies and also recommend and promote NGSPMs Brahma Valley College of Engineering & Research Institute to their employers for campus placements.

**4.Internship/ Project/In-plant training:**

Alumni provide opportunities regarding internship/ project/ inplant training in various industries to the students.

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

6.1.1 The governance and leadership is in accordance with vision and mission of the institution and it is visible in various institutional practices such as decentralization and participation in the institutional governance

**Response:**

BVCOE&RI is governed by NGSPM Society. Members of the Board of the College have been constituted as per the guidelines of AICTE, and meets once every six months. Board members always encourage the efforts of the college team taken in maintaining quality standards as well as provide guidance to different stakeholders for creating versatile engineers ready to serve the society.

The College Development Committee discusses the progress and plan and takes the appropriate decisions and prepares the resolutions in accordance with the vision and mission of the institute. As per the suggestions of the college development committee and the Local Management committee, the principal prepares the comprehensive implementation plan for execution. The implementation plan includes infrastructure and facilities development, procuring learning resources, appointment and training of human resources, conduction of the academic activities, co-curricular and extracurricular activities, and training and placement of students. IQAC has developed the strategic plan aligning with vision and mission of the institute. Faculty opinions and participation is given due weightage by their participation in various committees like Anti-ragging, Research, Examination, Placement,

**Academic Decentralization:**

There are different committees with well-defined functions that give academic and administrative leadership to the institution. A committee involves administrative staff and faculty members. Committee is responsible for overall development of the college and to recommend on the enhancement of student facilities, students.

**Responsibilities are:**

- Prepare the Academic Calendar before starting of the semester with the approval of the Principal.
- Load Distribution and Time table preparation
- Track the Syllabus completion of Theory/Lab for all the departments.
- To exercise general supervision over the academic work of the institution and to give direction regarding methods of instruction, evaluation, and improvements in academic standards.
- To make arrangements for the conduct of examinations in conformity with the University directives from time to time.
- To maintain proper standards of academic records. Namely handbook, course file content as per the university requirements etc.
- To take active measures for improvement of standards of teaching, training.
- To consider the recommendations of the sub-committees and discuss the issues/developments at least once in a month.

152

- To discuss and review the co/extracurricular activities of the college
- Maintaining discipline in the campus.
- Maintain the Minutes of the Meeting.
- Organizing Conferences/ Workshops.

Anti-Ragging, Grievance Redressal and Discipline Committees take care of healthy, enjoyable and disciplined culture in the institute. It comprise of the Principal, HODs, Senior Faculty members and student representatives.

## Internal Quality Assurance Cell

6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes. It reviews teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals and records the incremental improvement in various activities

Response:

The Nashik Gramin Shikahan Prasarak Mandal's, Brahma Valley College has IQAC cell for implementation of quality assurance strategies and processes at all extent of the institution's functioning .It monitors and review the teaching learning process, structures & methodologies of operations, and learning outcomes regularly and periodically

The IQAC has been performing Improvement in quality of teaching learning with OBE ideology by taking follow up through Feedback mechanism. IQAC has collected feedback in appropriate forms from different stakeholder categories, analyzed the same, and used it for qualitative improvement. Institute departments have conducted Academic and Administrative Audits and have initiated follow-up actions as per the suggestions and recommendations.

IQAC prepares, evaluates and recommends Annual Quality Assurance Report Self-Study Reports of various accreditation bodies such as NAAC, NIRF, Stakeholder's feedback, various Audits, Action Taken Reports. Institute and Department prepares academic calendar aligned with the academic calendar of SPPU. The Head of the Department allotted courses to all teachers after collecting course choices and accordingly Course teacher prepares the course material, plans activities for delivery of the course content, content, mapped Cos in concerns with coordinator and same is approved.

Other than teaching various innovative teaching-learning methodologies including ICT based tools and NPTEL videos to improve students' involvement and learning. Students are exploring e-learning facilities. Industrial visits are organized to make students aware of industry culture and reduce gap between industry and institute. Trainings and workshops are organized for hands-on practice, test question papers level of the associated CO. arrange guest lectures, competitions various events. Course teachers are motivated for participation in STTP/FDP to become aware and gain knowledge of recent trends and technologies.

IQAC initiatives are:

1 .Academic and administrative Audit:

IQAC conducts an internal academic audit once a semester and takes appropriate remedial actions to improve the quality of technical education. The main aim is to determine the existence, operation, and effectiveness of the quality system. The continuous improvement is achieved through periodic audits and satisfying statutory requirements. Academic audits help the college to know their strength and challenges and IQAC to assess the quality status individually and institution. During the audit, course files are thoroughly verified.

1. Student Feedback Survey:

  
PRINCIPAL  
Brahma Valley College of Engg. & RI

Reviews of the quality of the faculty members are taken once at the mid of the semester and the other at the end of the semester to improve the teaching-learning process. Student Feedback Survey of Each and Every Faculty member who handled classes/practical in a semester is taken periodically. A standard questionnaire- simple and easy is used with key factors on which the faculty member's performance is assessed. Based on all the feedbacks, IQAC provides constructive comments to improve the quality of teaching and the teaching-learning process.

6.5.2 Quality assurance initiatives of the institution include:

- 1.Regular meeting of Internal Quality Assurance Cell (IQAC); Feedback collected, analyzed and used for improvements
2. Collaborative quality initiatives with other institution(s)/ membership of international Networks
3. Participation in NIRF
- 4.any other quality audit/accreditation recognized by state, national or international agencies such as NAAC, ISO Certification etc

## **WELCOME TO OUR COLLEGE**

Brahma Valley Educational Campus is located in the outskirts of Anjaneri, (Trimbakeshwar High-Way Nashik ) comprising a sprawling campus of about 35 acres land. Our campus is situated in the valley surrounded by hills & reflects the beauty of nature. This place is also known as the birth place of Lord Hanuman and is close to Trimbakeshwar Temple which is one of the 12 Jyotirlingas of Lord Shiva which adds to the holiness and beauty of this area.

### **Our Mission**

To impart education to students to become the best Professional minds and entrepreneurs of today who will lead their activities successfully. To provide environment which fastens continuous improvement and innovation with desired support and facilities to enhance student learning and faculty effectiveness. To provide facilities for Personality grooming, physical fitness and strong sense of social and environment responsibility.

### **Our Vision**

To create a center of excellence in the field of Technical Education by Holistically Developing future engineers, Technocrats, Achievers having the right knowledge, skills and attitudes towards profession and life.

**The Vision, Mission Statements are published and disseminated among stakeholders**

Institute's Vision and Mission are well defined, published and circulate among various stakeholders to introduce them through-

- Institute website -<http://www.engineering.brahmavalley.com/>
- Display Boards at main Entrance, seminar Hall, department corridors, canteen, library, training and placement zone, hostel, guest house, board room and offices
- College information brochure / e-prospectus
- College documentary
- Course Files which are prepared by faculty for the course they are assigned
- Letters /e- mails that are sent to various stakeholders

The perspective plan implemented strategically since establishment of institute. Progressively, the infrastructure has been expanded, the academic expansion has been done, extension services have been run, the resources have been procured, and practices have been standardized & trained targeting the Vision of the institute with the learner-centric approach. The Academic which includes qualification and competence improvement of the faculty and enhancement in teaching-learning environment that in turn enriches the learners. BVCOE & RI have set their priorities as being a prime support in employment generation for their students. To achieve this Institute has strong and efficient placement cell.

#### **Institutional Strategic Goals**

- Efficient Teaching procedure
- Effective Leadership and Participative management
- Constant Internal Quality Assurance System
- Ensuring effective governance
- Student's Overall Development through Participation
- Employees Advancement & Welfare
- Faculty member's participation in FDP
- Accelerate Placements
- Institute – Industry Interaction

During the pandemic period and even their after faculty members has participated in various online Faculty development programs to enrich the knowledge.

### **6.3.1. The institution has effective welfare measures for teaching and non-teaching staff**

Well-being of the staff is important for effective functioning of the Institute. The institution has effective welfare measures for all the staff members. The institution conducts quality improvement programs for faculty and training programs for non-teaching staff periodically. In order to improve the qualification, update their knowledge/skill sets faculty members are given academic leave or special leave to attend FDPS, Workshops/Seminars/Conferences/Industrial training programs organized by premier institutions. Registration fee/ travel grant is paid by the institute to the faculty to attend to these programs. Faculty is encouraged to register for PhD programs and special leave is given to the faculty to attend to the course work by the affiliating university or premier institution. The faculty members who complete their PHD are given three compounded increments. Also the Faculty of BVCOE & RI who qualify in UGC NET/SET are given Academic Grade pay.

The College makes arrangements for availing all the government schemes such as Gratuity, Pension, Commutation of Pension, Earned Leave encashment, Maternity Leave, Medical Facility, Leave on Overseas Project or Conference, Health Fund Scheme, Permission to attend FDP such as Orientation programmes and Refresher courses, short term courses, etc. for the career development and progression of the teaching as well as non-teaching staff.

**The Institution has a welfare mechanism in place, for teaching and non-teaching staff. The various welfare schemes are:**

- Priority given in the school admission of wards of the faculty and staff.
- Maternity benefits.
- Medical leave.
- Yoga classes.
- Wi-Fi facility.
- Indoor Hall.

#### **Appraisal system for teaching and non-teaching staff**

The assessment of the faculty is determined by their effectiveness for employment to identify and correct inefficiencies within the operating system of the institution. The following assessment elements are used to faculty appraisal system.

1. Assessment by principal
2. Assessment by HOD
3. Feedback of student

  
**PRINCIPAL**  
Brahma Valley College of Engg. & RI

The institution evaluates non-teaching staff based on their performance in technical support and administration related activities, co-curricular, professional, development related activities and academic contribution. In line with this institute is following appraisal system suggested by AICTE. Performance based appraisal system (PBAS). This system classified into three categories.

1. Teaching learning and evaluation related activities
2. Co-curricular, extension and professional development related activities
3. Research publication and academic contribution

The following weightages are assigned to 3 categories 100:75:300. These are called Academic Performance Indices (API). At the end of the year, data pertaining to the above categories are collected from each faculty member in the Performa suggested by AICTE. Based on data collected, API score are calculated for each of the three categories. The principal in consultation with senior professor fix certain minimum API score to be achieved by the faculty member in the 3 categories. These score are used for the award of career advancement to the faculty member and for promotion to next higher position.

Further at the end of each semester feedback form issue to the student for each of the courses attended by them. The feedback form collects information about the teacher and the different aspects to the teaching process.
